PROFILE SUMMARY

MCA graduate with a strong foundation in Java, Python, and MERN stack, along with hands-on experience as a React Native Intern. Built and contributed to real-world mobile applications, focusing on API integration, performance, and UX. Passionate about building scalable solutions and continuously learning new technologies. Seeking an opportunity to apply my skills, take on real challenges, and delivering high-impact solutions and evolving as a software developer.

EDUCATION

Master of Computer Applications (MCA)	CGPA : 8.50
SRM Institute of Science and Technology	(2024 – 2026)

INTERNSHIP EXPERIENCE

Application Development Intern i-Diary IT Solutions Pvt. Ltd.	Dec 2025 – Present
--	--------------------

- Developed cross-platform applications using React Native, ensuring smooth performance and responsive UI/UX.
- Integrated REST APIs and managed real-time data to deliver seamless and efficient app functionality.
- Collaborated with the development team to design, build, and debug features, improving app stability and UX.
- Worked on core modules including task management, HR tracking, and UI systems, improving usability.

PROJECTS

iDIARY TEACHER's APP | (Internship Project)

- Developed a teacher's app using **React Native** with **API integration** to manage Tasks, HR tracking, and marks.
- Built features like task assignment, remark tracking, and leave requests with file upload functionality.
- Designed a user-friendly UI with smooth navigation to enhance overall user experience.

ST. FRANCIS SECONDARY SCHOOL WEBSITE | (Internship Project)

- Developed and enhanced a responsive school website using **ASP.NET Web Forms, HTML, CSS, JS**.
- Integrated dynamic **CMS-driven content** for notices, events, galleries, banners, and school information.
- Redesigned the website with a modern **responsive UI**, improving navigation, sections, and interactive components.

iDIARY PTM MANAGEMENT SYSTEM | (Internship Project)

- Developed and enhanced a (PTM) management system using **ASP.NET Core MVC, C#, HTML, CSS, JS**.
- Integrated iDiary APIs for meeting scheduling, class/section management, teacher details, and Notifications.
- Designed and developed a responsive role-based portal and access for **Admin, Principal, Teacher, and Parents**.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript
Frontend: HTML, CSS, React.js, React Native
Backend: Node.js, Express.js, ASP.NET
Database: MongoDB, SQL, DBMS
Tools: VS Code, Postman, GitHub, Visual Studio

EXTRA-CURRICULAR ACTIVITIES

- Certified in **Web Development**. (Codec Technologies)
- Participated in **Hackathon** organized by **SRM-IST**, and developed a prototype for a smart fitness tracker system.
